In mid-November 1952 the Chinese Communist Party Bureau of Social Affairs sent more than forty special service agents and technicians to Tibet. This group, which was led by KUO Ta-ming (6753/1129/2494), went to Lhasa to build up an organization which was to cooperate with the Chinese military forces in strengthening control over Tibet.

Comment. The sending of this group may have had some connection with the first congress of the Chinese Communist Party of the Tibet Military District which, according to a New China News Agency report, was held in Lhasa from 1 to 18 December 1952.
